

ACKNOWLEDGEMENT

Bismillahirrahmanirrahim.

Assalamualaikum Wr. Wb

Alhamdulillah, all praise and gratitude the writer offers to the presence of Allah SWT for His abundant grace, guidance, and blessings, which have enabled the writer to complete this thesis entitled "*Frequency of Playing Online Game Honkai Star Rail and English Reading Interest: A Correlational Study to the WhatsApp Group of Perserikatan Firefly*" as one of the requirements to obtain a Bachelor of Education degree in the English Language Education Study Program, Faculty of Teacher Training and Education, Indragiri Islamic University.

In the preparation of this thesis, the writer certainly encountered various challenges and obstacles, whether in terms of time, energy, mental endurance, or understanding of theories and data used. However, through the help of Allah SWT, along with encouragement and support from many parties, the writer was finally able to complete this thesis properly.

The purpose of this study was to determine whether there is a correlation between playing games, particularly *Honkai Star Rail*, and interest in reading in English. The writer hopes that the results of this research can provide real contributions to the world of education, informal learning, and especially literacy engagement through gaming.
